## PLAYERS

We have 82 players with a surname but without a forename(s)/initial(s).

These players are divided into two lists – Present clubs and Defunct clubs.

The lists are in alphabetical order of club and the year after each player's name is the year they played for the SJFA XI.

(I) indicates that they played in an international match.

Definition of "Present" and "Defunct".

We have taken this quite literally. So Girvan [1] is not today's Girvan club that dates from 1944. Similarly Benburb [1] is an earlier club with the same name as today's club. Although Mugiemooss was one of the two clubs that amalgamated to form Dyce FC we have treated it as defunct. The club names, including where there is a number in brackets, are taken from Brian McColl's list of Scottish clubs.
